

OpenWorld Mobile Solutions supplies best-of-breed components for mobile work force applications to mobile business solution providers. Solution components comprise hardware, software, solution partners and managed services.

We are proud to present the **MobileCompia M3**, a multi purpose hand held business PDA.

The **M3** is a super slim rugged PDA that features numerous advanced applications such as integrated Barcode scanner, Bluetooth and Camera. **M3's** rugged design and IP54-rated sealing ensures protection against dust, moisture and extreme temperatures, from freezing -20°C up to hot 50°C. The **M3** can handle drops of 1.5 m to concrete, reducing equipment and maintenance costs.

This small and lightweight PDA features advanced data capture options. With GPRS and GSM the **M3** offers flexible voice and data communication. Integrated Bluetooth and 802.11b wireless makes it easy to exchange data and synchronize with other devices.

The **M3** runs on the user-friendly Windows CE.NET 4.2 operating system with a powerful Intel X-scale PXA 255 400MHz processor, 64MB SDRAM and a 64 MB Flash storage, expandable to 256 MB. The integrated CF (Compact Flash) and SD (Security Digital) slot enables extensions such as GPS, RFID and extra storage.

An integrated high quality laser scanner easily reads common barcodes. There is also an integrated 2D scanner option. The colour display is a touch screen and the ergonomic keypad can be used in tough environments with one hand.

The **M3** enables a range of applications that extend process automation beyond the doors of your company to achieve increased efficiency and profitability.

#### Main Features

- Intel X-scale PXA-255 - 400MHz processor
- Data Collection - 1D/2D Barcode Scanner - Opticon or Symbol engine
- Imager - supports a growing number of 2D symbologies
- Durable – IP54 (Water & Dust proof), 1.5m drop, operating temp -20°to 50°C, CE(R&TTE),EMC, CDG, SAR, Type approval
- Extensible - SD&CF card slots
- High-speed data communication - GSM/GPRS, Wireless LAN, Bluetooth
- Large color touch screen - 3.5" TFT-LCD
- High-capacity replaceable Lithium Polymer battery; Pogo pin interface
- Flexible configuration - GSM/GPRS, Scanner, Bluetooth, Wireless LAN, Camera, GPS, vehicle mount kit
